

**SECURITIES AND EXCHANGE COMMISSION**  
**[Release No. 34-94544; File No. SR-ICC-2022-002]**

**Self-Regulatory Organizations; ICE Clear Credit LLC; Notice of Filing of Proposed Rule Change Relating to the ICC Risk Parameter Setting and Review Policy**

March 29, 2022.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on March 22, 2022, ICE Clear Credit LLC (“ICC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change, as described in Items I, II and III below, which Items have been prepared primarily by ICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

The principal purpose of the proposed rule change is to make changes to ICC’s Risk Parameter Setting and Review Policy. These revisions do not require any changes to the ICC Clearing Rules (the “Rules”).

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change, security-based swap submission, or advance notice and discussed any comments it received on the proposed rule change, security-based swap submission, or advance notice. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.

---

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

ICC proposes revising its Risk Parameter Setting and Review Policy, which describes the process of setting and reviewing the risk management model core parameters and the performance of sensitivity analyses related to certain parameter settings. ICC believes that such revisions will facilitate the prompt and accurate clearance and settlement of securities transactions and derivative agreements, contracts, and transactions for which it is responsible. ICC proposes to make such changes effective following Commission approval of the proposed rule change. The proposed revisions are described in detail as follows.

ICC proposes to amend the “Univariate Level Parameters” subsection (Subsection 1.7.1), which describes the univariate level parameters associated with the integrated spread response model component. For single name risk factors, ICC proposes to clarify how the end-of-day (“EOD”) recovery rate is derived from quotes. The proposed changes describe how the EOD recovery rate would deviate when the single name risk factor is distressed. The proposed language further specifies the role of the established EOD recovery rate upon using the ISDA Standard Model in terms of price-to-spread mapping. Finally, ICC proposes to update the revision history to reflect the proposed changes accordingly. Overall, the proposed amendments are intended to serve as clarifications and would not change the methodology.

(b) Statutory Basis

ICC believes that the proposed rule change is consistent with the requirements of Section 17A of the Act<sup>3</sup> and the regulations thereunder applicable to it, including the

applicable standards under Rule 17Ad-22.<sup>4</sup> In particular, Section 17A(b)(3)(F) of the Act<sup>5</sup> requires that the rule change be consistent with the prompt and accurate clearance and settlement of securities transactions and derivative agreements, contracts and transactions cleared by ICC, the safeguarding of securities and funds in the custody or control of ICC or for which it is responsible, and the protection of investors and the public interest. The revisions are limited to clarification changes and would not amend the methodology. As described above, for single name risk factors, ICC proposes to clarify how the EOD recovery rate is derived from quotes. The proposed changes also describe how the EOD recovery rate would deviate when the single name risk factor is distressed and the role of the established EOD recovery rate in respect of the ISDA Standard Model. Such changes would ensure transparency and clarity in the Risk Parameter Setting and Review Policy with respect to ICC's parameter setting and calibration process to support the effectiveness of ICC's risk management system. The proposed rule change is therefore consistent with the prompt and accurate clearing and settlement of the contracts cleared by ICC, the safeguarding of securities and funds in the custody or control of ICC or for which it is responsible, and the protection of investors and the public interest, within the meaning of Section 17A(b)(3)(F) of the Act.<sup>6</sup>

Rule 17Ad-22(e)(4)(ii)<sup>7</sup> requires each covered clearing agency to establish, implement, maintain, and enforce written policies and procedures reasonably designed to effectively identify, measure, monitor, and manage its credit exposures to participants and those arising from its payment, clearing, and settlement processes, including by

<sup>7</sup> 17 CFR 240.17Ad-22(e)(4)(ii).

maintaining additional financial resources at the minimum to enable it to cover a wide range of foreseeable stress scenarios that include, but are not limited to, the default of the two participant families that would potentially cause the largest aggregate credit exposure for the covered clearing agency in extreme but plausible market conditions. ICC believes that the proposed changes provide additional clarity in the Risk Parameter Setting and Review Policy, which strengthens ICC's process for reviewing and setting the model core parameters and, in turn, serves to promote the soundness of ICC's risk management model, its ability to manage risks and maintain appropriate financial resources. Such changes enhance the readability and transparency of the Risk Parameter Setting and Review Policy, which would strengthen the documentation and ensure that it remains up-to-date, clear, and transparent. As such, the proposed amendments would strengthen ICC's ability to maintain its financial resources and withstand the pressures of defaults, consistent with the requirements of Rule 17Ad-22(e)(4)(ii).<sup>8</sup>

Rule 17Ad-22(e)(4)(vi)(B)<sup>9</sup> requires each covered clearing agency to establish, implement, maintain, and enforce written policies and procedures reasonably designed to effectively identify, measure, monitor, and manage its credit exposures to participants and those arising from its payment, clearing, and settlement processes, including by testing the sufficiency of its total financial resources available to meet the minimum financial resource requirements, including by conducting a comprehensive analysis on at least a monthly basis of underlying parameters and assumptions. Under the proposed changes, the Risk Parameter Setting and Review Policy continues to provide a clear framework for ICC to set and review the model core parameters and perform sensitivity analyses related to certain parameter settings on at least a monthly basis. The proposed

<sup>9</sup> 17 CFR 240.17Ad-22(e)(4)(vi)(B).

changes provide additional clarity with respect to the univariate level parameters and do not change ICC's methodology. As such, ICC believes the proposed rule change is consistent with the requirements of Rule 17Ad-22(e)(4)(vi)(B).<sup>10</sup>

Rule 17Ad-22(e)(6)(i)<sup>11</sup> requires each covered clearing agency to establish, implement, maintain, and enforce written policies and procedures reasonably designed to cover its credit exposures to its participants by establishing a risk-based margin system that, at a minimum, considers, and produces margin levels commensurate with, the risks and particular attributes of each relevant product, portfolio, and market. As described above, the proposed clarifications would promote clarity and transparency in the documentation. In ICC's view, the proposed changes thus enhance and strengthen ICC's process for reviewing and setting the model core parameters, which in turn serves to promote the soundness of ICC's risk management model and system, which will continue to consider and produce margin levels commensurate with the risks and particular attributes of each relevant product, portfolio, and market, consistent with the requirements of Rule 17Ad-22(e)(6)(i).<sup>12</sup>

(B) Clearing Agency's Statement on Burden on Competition

ICC does not believe the proposed rule change would have any impact, or impose any burden, on competition. The proposed changes to ICC's Risk Parameter Setting and Review Policy will apply uniformly across all market participants. Therefore, ICC does not believe the proposed rule change imposes any burden on competition that is inappropriate in furtherance of the purposes of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

<sup>11</sup> 17 CFR 240.17Ad-22(e)(6)(i).

<sup>12</sup> Id.

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) by order approve or disapprove such proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-ICC-2022-002 on the subject line.

Paper Comments:

Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549.

All submissions should refer to File Number SR-ICC-2022-002. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website

(<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10:00 am and 3:00 pm. Copies of such filings will also be available for inspection and copying at the principal office of ICE Clear Credit and on ICE Clear Credit's website at <https://www.theice.com/clear-credit/regulation>. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-ICC-2022-002 and should be submitted on or before [INSERT DATE 21 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>13</sup>

**J. Matthew DeLesDernier,**

*Assistant Secretary.*
